

Admission Literature Review for Master Game Technology 2023-2024

General information

Name		Date	
Email		Bachelor Programme	
Telephone		Year Graduated	
Student Number		Discipline: VA (Visual Arts), DP (Design & Production), PR (Programming)	

1. Context

In 50-200 words, give a brief introduction to the field you want to explore and research. For example: real-time graphics for entertainment software, or: user-interface design for handheld devices. Explain what the field entails and why it's interesting to pursue research in this field in broad terms.

2. Literature Review

Describe, in 600 words or less the existing research in the field described above. Describe "problems" in your field as well as interesting innovations. Have you explored this research area before and can you give some examples? Please include proper references and links to what you believe is the current state of the art in your proposed field. Try to adhere to the APA style guide.

3. List of References

List any books, websites, papers etc. mentioned in this proposal, or previous own work relevant to your project. Try to adhere to the APA style guide.

4. Background

Please provide a link to your portfolio and other related work you have done in the past. Highlight what skillset you already have, and which skills you intend to pick up over the course of this Master Programme.
