BUas Bachelor Scholarship for talented Non-EU/EEA students

In the regulating profiling fund you can find the different possibilities of financial support that are available at BUAS, one of them is the BUas Bachelor Scholarship for talented non-EU/EEA students. Here you will find more information about the BUas Bachelor Scholarship for talented non-EU/EEA students and how to apply for this scholarship.

General information

BUas Bachelor Scholarship has been designed to support non-EU/EEA students who will pay the full tuition fee for bachelor programmes at BUas. From academic year 26/27 on this scholarship consists of € 5,000 for the first year. In consecutive academic years, these students can receive a € 2,500. This is possible for a maximum number of years NOT exceeding the regular length of the study programme. The student has earned at least 45 EC's in the previous academic year for continuation of the BUas Bachelor Scholarship.

Selection procedure

The number of scholarships per academic year is limited and will be granted based on quality (grades, IELTS/TOEFL score etc.) and motivation. Students need to apply as soon as possible to substantiate allocation of the scholarship, under the condition that the applicant meets all eligibility criteria. Applicants are required to send a motivation letter to make clear why you are the right candidate for the BUas Bachelor Scholarship. Motivation letters should be sent to scholarships@buas.nl well before the deadline of 1 May.

Next to the selected candidates, we will have a 'reserve list' on which the other candidates who meet the requirements will be registered. If one of the selected students decides not to come to the Netherlands or fails to apply for the MVV in time, the next person on the reserve list will be granted the scholarship.

Scholarship criteria

The student applying for BUas Bachelor Scholarship:

- *possesses a non-EU/EEA nationality and will pay the high tuition fee for non-EU/EEA students;*
- *will be registered for the first year as a student at BUas for the entire academic year;*
- *meets the visa requirements for entering and residing in the Netherlands as a foreigner;*
- *will provide all documents requested by the Student Office as required for registration as a student of BUas (f.e. copy residence permit) in time;*
- *has not been awarded another scholarship that already covers all expenses;*
- *will only be awarded a scholarship of € 2,500 for the consecutive academic years when the student has obtained a minimum of 45 ECTS during the preceding academic year;*
- *will only be awarded the scholarship for a period not exceeding the maximum length of the regular study programme, e.g. when a student has one year study delay the student will receive scholarship for a maximum of four years;*
- *will observe all regulations and values of BUas as laid down in – amongst others – Code of Conduct, Student Statute, Examination Regulations (OER) and study handbook.*

Application procedure and deadlines

The student registers for a BUas study programme before the applicable deadline. 1 May is the application deadline for the BUas Bachelor Scholarship. After this date students will be informed further, also see the timeline in this document.

We will only consider applications, if the student has completed the full application for a study programme and has handed in all requested documents. These will also be used to assess eligibility for the scholarship and the quality of the candidate.

Timeline

Deadline	What
1 May	Application deadline for BUas Bachelor Scholarship. Motivation letters must have been sent to scholarships@buas.nl
Mid May	Student Office makes a selection based on quality of candidates, advises the Executive Board with regards to candidates and reserve candidates for the scholarship. The advice will be checked and presented to the Executive Board. Non eligible applicants will be informed via e-mail.
Regularly as from mid June, until the start of the programme	Student Office will inform candidates and reserve candidates of decision. Student Office checks whether students have handed in all documents requested for the MVV application and have paid the tuition fee. If applicable, grant scholarships to students of the reserve list.
Mid August / Start programme	Student signs the scholarship agreement. Student informs Student Office on their Dutch bank account details in order to receive the scholarship of € 5,000. If there are students that do not start, there is a possibility to grant a scholarship to students that have started their studies and were on the reserve list.
August	In order to prolong scholarships, Student Office will check whether students meet the requirement of minimum of 45 EC's.
September	Students with prolonged scholarships will be receiving the grant of € 2,500 in their bank account.
